HIGH COMPRESSION MOTORS- *are here at last.*

1928 is a "change-about" year in the automotive industry. New bodies—new lines—new styles—new accessories. But the greatest change of all has come in the new power plants. High-compression motors with more power per cylinder, are now the favorite.

Ethyl Gasoline has made them possible. Previously, violent knocking occurred when compression ratios were increased and ordinary gasoline used as

fuel. But Ethyl completely eliminates knocking.

Makes Old Cars Run Like New
Ethyl improves older types of engines also. With Ethyl there is less vibration—a smoother, sweeter, silent, more efficient motor.

To secure modern motor fuel on the coast ask for *Union-Ethyl* wherever you see the shield shown below.

Try ten gallons today and see the difference that it makes.

Mr. Gurney E. Newlin

PRESIDENT, AMERICAN BAR ASSOCIATION

The recent election of Mr. Gurney Elwood Newlin of the Los Angeles bar as president of the American Bar Association for the ensuing year brings a distinct honor to Los Angeles Bar Association, to the city and to the State. It may well be said that the presidency of the American Bar Association is the greatest honor that can come to a man as a lawyer, and to Mr. Newlin, the first Californian to be chosen for this high position, the BULLETIN extends heartiest congratulations.

Gurney Elwood Newlin was born in Lawrence, Kansas, November 11, 1880, the son of Thomas Elwood and Laurie (Hadley) Newlin. He is a descendant of Nicholas Newlin, an English Quaker, who fled from religious persecution, first to Ireland, and in 1692 to Pennsylvania. His father (born 1850), a banker, removed to California in 1886 and became prominently active in civic and public affairs in Los Angeles. In 1887 he was one of the founders of the city of Whittier, California, and has served as vice-president of the Farmers and Merchants National Bank of Los Angeles.

Gurney Elwood Newlin completed his preparatory education in the Los Angeles High School in 1898, and was a student at Haverford College, Haverford, Pennsylvania during 1898-1900. He completed his collegiate course at the University of California, where he was graduated in 1902, and made his professional studies at the Harvard Law School, where he was awarded the degree of LL.B. in 1905. Immediately after his graduation he began practice in Los Angeles, where he has since resided.

In 1906 Mr. Newlin was appointed general attorney for the Los Angeles Pacific Company, controlling important interurban electric lines out of Los Angeles, and in 1910 became its general counsel. He returned to general practice in 1912, and, devoting particular attention to corporation law, has since acted as attorney and counsel to numerous important companies. He is also a director in several of them, notably in the Union Oil Company of California and United States Fidelity and Guaranty

MR. GURNEY E. NEWLIN

Company. In addition to his professional activities, Mr. Newlin was an instructor in the Medical Department of the University of California, at Los Angeles, during 1910-12.

Throughout the period of the World War Mr. Newlin was conspicuously active in important movements in behalf of the Nation and its soldiers. In his own city he was a member of the Committee of One Hundred and Fifty, which raised the Los Angeles quota in the Red Cross and Liberty Loan drives, also one of the executive committee of the Four-Minute Men. From the entry of the United States into hostilities, and until May, 1918, he was chairman of the Los Angeles Chapter of the American Red Cross. In May, 1918, he was appointed Deputy Commissioner to France of the American Red Cross, with the rank of major in the United States Army, and had charge of all Red Cross Operations in Paris, and on the line from St. Quentin to Verdun, returning to the United States in April, 1919.

Mr. Newlin organized and was the first chairman of the Paris District Chapter of the Red Cross. From September, 1918, until his departure for France, he was a member of the State Council Section of the National Council of Defense, in charge of

its work in nine Western States. During 1918-1919, also, he was Wage Adjustment Examiner of the United States Shipping Board for the Southern District of California, and a member of the Executive Committee of the Pacific Division of the American Red Cross, and has since been a director of the Los Angeles Chapter. In recognition of services rendered during the war, Mr. Newlin was awarded the Medaille de la Reconnaissance Francaise by the French Government.

In addition to his successful professional activities and his valuable services during the war, Mr. Newlin served for twelve years (1915-1927) as chairman of the Section on Uniform Laws of the California Bar Association, and is to be credited with securing the enactment in California of the uniform laws on negotiable instruments, bills of lading, and warehouse receipts. He has also taken an active part in the work of Los Angeles Bar Association and is at present chairman of the Committee on Ethics.

In 1922 he was a delegate of the American Bar Association at a conference held in Washington, District of Columbia, for the

purpose of raising the standard of legal education in the United States. In 1923 he was elected a member of the Executive Committee of the American Bar Association, and was re-elected in 1924 and 1925, and has also been a member of various important committees of such association. He was a member of the National Conference of Commissioners on Uniform State Laws, 1913 to 1927, chairman of the committee of this conference which drafted the Uniform Motor Vehicle Code, which has been approved by such conference, the American Bar Association and the Conference on Street and Highway Safety, called by Secretary of Commerce Hoover. In 1925 he was appointed by the Secretary of Commerce as a member of the National Conference on Street and Highway Safety. In 1926 Mr. Newlin was elected president of the Los Angeles Grand Opera Association.

Mr. Newlin is a member of the Los Angeles and American Bar Associations; of the Delta Kappa Epsilon Fraternity, and of University and California Clubs of Los Angeles, the Pacific-Union and Bohemian Clubs of San Francisco and The Links Club of New York. He is unmarried.

Special announcements by law firms of new locations and new associations are most effectively made to the profession through the pages of the BULLETIN. In addition, such announcements serve as a manifestation of good-will toward and co-operation with the BULLETIN in its program of constructive endeavor for the welfare of the Bar Association.

For Attorneys— A "Client's Account"

Funds of Attorneys and their Clients should not be mingled, according to regulations of the State Bar Association. Every Attorney in California should have a separate Client's Account with a responsible Bank in which he will keep funds other than his own.

Bank of Italy offers to California Attorneys a "Clients' Account" that will be uniform in its character throughout the State.

It is the earnest desire of the executives of this institution to work in close harmony with the great body of California Attorneys. It is a privilege in this instance to offer facilities which insure the development of a policy in keeping with the high standards of the State Bar Association.

Funds that are to be retained for an extended period of time, may be deposited in a Savings Account.

*Any branch of the Bank of Italy
will gladly open a Clients'
Account for you.*

CHOOSING A "CORPORATE" EXECUTOR OR TRUSTEE

In the selection, for a client, of a corporate Executor or Trustee a conscientious attorney will consider the general reputation of the proposed trustee both as to safety, and as to net return secured for trusts. And also as to its general attitude toward beneficiaries, in kindliness and consideration.

An attorney is also entitled to know that such a trustee or executor will not ignore his own just claims to carry on the necessary legal work connected with the estate.

In all four of these matters, the general practice and reputation of Security Bank will be found satisfactory.

The Mortgage Foreclosure Guarantee

NOW being issued by this company for the use of attorneys in the preparation of the complaint and other pleadings in an action to foreclose a mortgage, presents, briefly and concisely, all essential matters disclosed by examination of the official records, in so far as they relate to the particular security involved. These matters include:

- 1 Necessary or proper parties defendant with sufficient additional data to indicate clearly the respective rights of each, the nature and relative priority of the interest in or lien upon the mortgaged realty, and the liability, if any, for deficiency judgment.
- 2 A statement of liens, encumbrances and other matters superior or prior in time to the mortgage under consideration. This, of course, includes a list of delinquent or unpaid taxes or assessments which materially affect the interest of the mortgagee and often require prompt attention.
- 3 Detailed information as to corporate organization and status and similar data as to any court action, either civil or probate, in so far as is necessary to determine the identity or qualification of proper parties to the proposed foreclosure.
- 4 The mailing address of the parties or their attorneys, as disclosed by the Recorder's mailing list and files of court actions.

ENDORSED BY THE LEADING LAW OFFICES IN LOS ANGELES

“CALIFORNIA CORPORATE PROCEDURE FORMS and PRECEDENTS”

By

FREDERICK BEUTEL and DAVID P. HATCH
of the Los Angeles Bar

The Los Angeles Times, in a book review, says of the volume:

“The whole world of business capable of being conducted in corporate form is covered and specific forms for each class of business are supplied.”

“With this volume at hand the labor involved in the organization of a corporation is materially diminished, while the chances of an error are entirely eliminated—”

“—every possible step essential to the proper and legal conduct of the affairs of a corporation are here set forth with clarity and in logical form.”

“It is, in fact, a book that every lawyer will find useful. It contains such a wealth of information on corporate procedure that any man interested in corporate securities will find valuable suggestions as to his rights in any given case.”
